

Easingwold Community Primary School Bullying report form.

Remember in our school bullying is defined as something that is one sided, deliberate, unprovoked and repeated over a sustained period of time. It is not one off incidents, fall outs or arguments between children. We take accusations of bullying in our school very seriously and this form will be dealt with by a senior member of staff. They will first of all investigate and decide if this is a case of bullying or not. They will then contact you and give you back a copy of this form complete with their actions. They will also keep in contact with you to ensure that if your child has been bullied the bullying has stopped. We also uphold the requirements of the Equality Act 2010, any negative comment or slur made about the protected characteristics as referred to in the Anti-Bullying Policy will be dealt with, recorded and reported to Governors in the Headteacher's Report.

Name of your child:

Year Group:
